

Quiz 2

CSI 4106 Introduction to Artificial Intelligence

Marcel Turcotte

Version: Jan 30, 2026 12:30

CSI 4106

```
<style> #clock { color: #007bff; /* Example color */ /* Add any other styling here */ } </style><script> function updateClock() {  
const now = new Date(); let hours = now.getHours(); let minutes = now.getMinutes(); let seconds = now.getSeconds(); // Add  
leading zeros if needed hours = hours < 10 ? '0' + hours : hours; minutes = minutes < 10 ? '0' + minutes : minutes; seconds =  
seconds < 10 ? '0' + seconds : seconds; const timeString = hours + ':' + minutes + ':' + seconds;  
document.getElementById('clock').textContent = timeString; } // Update the clock immediately and then every second  
document.addEventListener('DOMContentLoaded', (event) => { updateClock(); setInterval(updateClock, 1000); }); </script>
```

1. **Wait** for the signal to begin.
2. Write your **name** and **student number** on the **questionnaire** and the **Scantron**.
3. If you have finished, **raise your hand** to submit and leave.
4. **Remain seated** if several finish at the same time.
5. Submit all copies **10 minutes before the next class**.
